Dear Ms. Rigsby:

Thank you for taking the time to talk with me the other day regarding your timberland in Meade County. Enclosed is a brochure that tells a little bit about our company. I hope you will find it interesting.

From the information that I gathered from talking with you and Mr. Cary Perkins, it seems that your main objective is to harvest timber with the future in mind. Our main objective at Indiana Hardwoods (a division of Kimball International) is long-term forestland management using the idea of sustainability. After walking the woods I feel that Mr. Perkins has done a good job in marking your timber. As a matter of fact, the manner in which he has marked your timber will allow another timber harvest within the next 15-20 years. If you have any questions, please feel free to contact me at (270) 617-1920 or at home at (270) 828-5633.

Sincerely,

INDIANA HARDWOODS
